CAREER OBJECTIVE

Dynamic Django Developer and aspiring Computer Science and Engineering student at City University, bringing a unique blend of skills in C, C++, Data Structures, Algorithms, Python OOP, MySQL, HTML, CSS, Bootstrap, Tailwind CSS and JavaScript. Proficient in Django framework, with hands-on experience in project development and Django Rest Framework for API projects. A dedicated problem solver and competitive programmer, driven to apply technical acumen and academic prowess to excel in a dynamic professional landscape.

SKILLS AND TECHNOLOGIES

Expertise :
HTML ‖ CSS ‖ JavaScript ‖ Tailwind CSS ‖ Bootstrap ‖ C ‖ C++ ‖ Python ‖ OOP ‖ MYSQL

Comfortable :
HTML ‖ CSS ‖ JavaScript ‖ ‖ MYSQL ‖ Python ‖ Django

Tools :
VS Code ‖ GitHub ‖ Vercel ‖ Render

PROJECTS

1. Library Management System
Github ‖ **Live Link**

Technologies Used : HTML, Tailwind CSS , Python, Django framework

Features :
The Library Management project offers users a straightforward platform for registration, account creation, and login/logout functionalities. Users can easily deposit and purchase books, share reviews, and manage returns with simplicity. The system's organized book categories streamline browsing, ensuring a hassle-free experience tailored to each user's preferences.

2. Car_Sales Project
Github ‖ **Live Link**

Technologies Used : HTML, Tailwind CSS , Python, Django framework

Feature:
Discover our Sales Website, where users can register, create accounts, log in, and share car reviews effortlessly. Browse through our extensive car inventory and make purchases securely. Our user-friendly interface ensures smooth navigation, while responsive design guarantees accessibility across devices. With secure transactions and streamlined features, finding and buying your dream car has never been easier.

COURSES AND ACHIEVEMENTS

Software Development Course

Phitron   24 March, 2023 – Running   **Certificate**
In the Course I learn C, C++, Data Structure, Algorithms, Python, OOP, HTML, CSS, Tailwind , Bootstrap, MySQL and Django Framework etc .

EDUCATION

B. Sc. in Computer Science and Engineering (CSE)
City University , Bangladesh   2022 - Running

LANGUAGE

Bengali - Native
English - Conversational
